**Strategic Priority: Curriculum (Christine Nelson)**

*We ensure strong curriculum, instruction, professional development, and commit to maintaining continuity of practices, expectations, and smooth transitions across all grade levels.*

- 1) Ensure curriculum alignment to appropriate standards, scope and sequence, and assessments to meet diverse student needs.
- 2) Design and implement high quality instruction that meets diverse student needs and ensures high levels of learning.
- 3) Ensure continuity of practices, expectations, and smooth transitions between all grade levels and buildings.

**Strategic Priority: Parent Engagement (Klover/Trager)**

*We commit to maximizing parent engagement.*

- 1) Improve and increase the avenues by which parents receive information.
- 2) Implement incentive programs for parent participation.
- 3) Increase parent volunteer opportunities.

**Strategic Priority: Student Development & Engagement (Heather Faletti)**

*We strive to cultivate the whole child by providing support for all students to reach their maximum potential in all areas of individual growth.*

- 1) Identify academic and social strengths and weaknesses along with individual learning styles and provide this information to all stakeholders.
- 2) Implement academic and behavior interventions and supports for all students.
- 3) Enhance and increase current RTI programs across all support tiers.

**Strategic Priority: Communication (Tim Ricketts)**

*We promote open communication and involvement with parents and community to foster collaboration, cooperation, and dialogue.*

- 1) Provide opportunities for parents/students to develop understanding and create importance for the educational process.
- 2) Develop partnerships with local business and government to promote positive aspects of the school and community.
- 3) Develop age appropriate continuity with all areas of communication among parents, students, and community/business leaders.

**Strategic Priority: Technology (Mark Hulbert)**

*We encourage better utilization of our technology infrastructure to enhance district communication and learning opportunities for students.*

- 1) Promote technology as a high priority in the budget.
- 2) Review and revise current technology policies and communication techniques.
- 3) Continue to assess and update current software and applications.

***Our mission is to make a difference in students' lives through excellence in education.***
